

## GERMAN PRESS GIVES VARYING VIEWS ON AUSTRIA'S RECENT PLEA

AMSTERDAM, Oct. 30.—The principal topic of comment in German newspapers received here are the resignation of General Ludendorff, chief commissary and Austria's activity for a separate peace.

Austria's action was received with some signs of resentment but at the same time with a certain sense of relief as clearing the situation and leaving Germany free to act in her own interest. In this connection there are some intimations in the newspapers of a movement for joining the Austrian-Germans with Germany. For instance Germania, the Catholic centrist organ says Germany henceforth will be able to drop consideration for her allies and champion more decisively than hitherto her kinsman in Austria.

The Boersen Courier agrees that Germany and Austria according to the principle of self-determination, are now entitled to negotiate separately.

The Vossische Zeitung admits that Count Andrássy had no alternative, and declares it is useless to shout treachery. "If our allies have shamefully broken the faith," says the Tages Zeitung, "we must remain true to ourselves. We still have the strength to stand alone."

The Vorwaerts, organ of the Socialists argues that Count Andrássy was speaking only on behalf of the dynasty and says it will be no wonder if the entire world believes "the Austrian government wants to purchase a merciful peace with a kick at a dying lion."

The newspaper adds that Germany and German-Austria will not perish.

The Frankfort Zeitung says that as the Austro-Hungarian government now exists only on paper the recognition of the Czechoslovaks and south Slavs possesses no further significance but that it is imperative that German Austria asserts its rights as against Slavs and before President Wilson.

Commenting on Ludendorff's resignation the Weser Zeitung contrasts the public mental pose of Germany unfavorably to that of France, which says never lost courage, "even when the enemy was at the gates of the capital, while the German people instead of smiting their bosoms for their own sins, all are blaming each other."

The Austrian censor permitted the Arbeiter Zeitung to publish a leading editorial article violently denouncing the "puny" German kaiser, "who preferred to see bitter humiliation inflicted on his people rather than abdicate."

Arguing that voluntary abdication would have produced easier terms for an armistice, the newspaper adds:

"A real emperor would rather proudly abdicate before being branded by the whole world as the man who caused his nation's humiliation."

## EXEMPTION BOARD NEWS

The local board office has received a request from Adjutant General Dickson for report on all remaining Class I men, white or colored, qualified for military service, exclusive of those called and whose enlistment has been postponed. It is quite evident that the adjutant general is arranging for early re-instatement of the postponed call. The provost-marshal has also indicated that there will be heavy calls in the course of a few weeks for men registered in September.

### DR. LANDIS AT WOMAN'S COLLEGE

Speaking at the Woman's college yesterday morning Dr. E. B. Landis made a very interesting and helpful address on "The Contagion of Nobleness." The speaker emphasized the fact that both good and evil things are contagious and so reasons are the more abundant for inducing each person to be the more careful about his or her daily walk in life. He suggested that as those in his audience took a backward look and thought of the history of the college and the inspiration of its founders and then considered present conditions and took a glance toward the future, that it is easy to catch a glimpse of the nobility of womanhood. The young women of the college, the speaker ventured to say, has been sent there because of the hope of their parents that they would thus be given a larger view of life.

"Here in this Christian college you can find inspiration in the past and present and in the broader view of life that comes to you here you can know the value and purpose of real education."

The address was heard with the greatest interest by the young women.

### A WELCOME VISITOR

Among the callers in the city yesterday was Rev. J. D. Dabney, formerly of this county, and now pastor of the Christian church at El Dara, Pike county. The reverend gentleman has a large list of friends in Jacksonville and is always a welcome visitor here. He is succeeding very well in his present field of labor and has made many friends there.

### RETURNS TO ROCKFORD

Miss Anna Brown has returned to her work at Rockford after a visit here with Miss Laura White. Miss Brown has an excellent position in the Rockford schools and came to Jacksonville at this time because the schools were closed on account of the influenza epidemic.

## WINCHESTER

Winchester, Oct. 30.—The following young men were examined today by the Scott county local board and practically all of them were accepted: Grover C. Grady, Merritt; James W. Baird, Oxville; Clarence Fry, Naples; Henry Taylor, Winchester; Charles L. Ring, Winchester; Thomas C. Ryan, Winchester; Albert G. Christman, Merritt; George L. Tadlock, Alsey; Moses Bunch, Winchester; Clarence I. Munday, Bluffs; George W. Robertson, Naples; Herman L. Munze, Winchester; Jesse Lee Lawson, Winchester; Chester C. Davis, Winchester; LeRoy Shull, Winchester; Henry H. Hardy, Manchester; Ora S. Mellor, Manchester; Albert T. Lane, Bluffs; Thomas Wilson, Alsey; John H. Myers, Bluffs; Alphonso Mitchell, Alexander; Tony E. Watt, Peoria.

The Scott county apportionment of the United War Relief fund should be \$16,500, the figures previously given having been incorrect.

Mrs. O. A. Griner returned Wednesday night to her home in Plymouth, Ind., after a visit of several weeks at the home of Mr. and Mrs. John Lashmet.

James Branson and Gilford Leib of Exeter were visitors here Wednesday.

Mrs. D. D. Watt is confined to her home by influenza.

Mrs. Andrew Allen of Chapin is visiting at the home of Mr. and Mrs. Edward Markille.

Vivian, the eleven year old daughter of Mr. and Mrs. Fred Switzer, passed away at the family home in Pekin Wednesday morning. As previously noted, there are nine members of ten who are ill. The remains will be brought to Winchester Friday for burial.

Mrs. Herman Smith left Wednesday for Pekin, called by the illness and death of Vivian Switzer.

The influenza situation is somewhat improved, only seventeen cases having been reported this week.

### FLOYD WILLIAMSON HERE

Floyd Williamson from the Great Lakes Naval Training Station is in the city spending a ten days' furlough with his parents, Mr. and Mrs. A. E. Williamson. Mr. Williamson was formerly in the news department of the Journal. When he left here he was employed by the State Register and from that paper went to the Associated Press. He was making rapid progress with the A. P. and was stationed at Columbus, Ohio, when he gave up his work and enlisted at Great Lakes. He is a member of the staff of the Great Lakes Bulletin, one of the best papers published by either army or navy and is making good on the job. In this issue is a story by Mr. Williamson of the Great Lakes Station which will prove interesting to all Journal readers.

## 21 Germans Downed in Day's Fighting.

### HUN HATE STILL SHOWN

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Oct. 30.—11 p. m.—(By The Associated Press.)—Twenty one German aviators were downed today by American chasing aviators. It was a banner day in American aviation considering the number of victories achieved over the Germans.

Two American airmen are missing as a consequence of the fighting in the air. The aerial activity began early this morning and aided by the clear weather American bombers were successful in attacking various enemy points of troop concentrations both in the morning and in the afternoon.

## UNITED WAR WORK CAMPAIGN DISCUSSED

Representatives from four counties here to talk over plans—Quota increases do not discount workers for they know the public generous and patriotic spirit.

The organization of workers for the 14th district United War Work fund held a conference at a luncheon at the Peacock Inn at noon Wednesday. There were representatives from Cass, Pike, and Scott counties present. To meet with the Morgan county county workers, H. J. Rodgers, who is the district chairman, called the assemblage to order and in a brief way gave report of the recent conference in Chicago, where 1,500 delegates were present and announcement was made of the necessity of increasing the general quota.

County Quotas. The Cass county quota is \$48,450 and Secy. Turner of the Cass county committee made a report indicating the purpose to begin the campaign with enthusiasm. Judge Funk made a like report for Scott county, where the quota is \$16,500. E. L. Glandon of Pittsfield indicated the Pike county organization has already made a good start and expressed the feeling that the people will respond quickly and raise their \$52,000 quota.

John J. Reeve, speaking for Morgan county, said there was no question about what this county would do and while \$81,000 sounds like a big sum, that the people will readily live up to their responsibility and will go over the top.

Other speakers were C. H. Green of Chicago, associate camp director of Illinois; Louis K. Torbet, in the transport service of the Y. M. C. A.; Sergt. A. V. Conroy of the 3rd battalion, 1st Canadian Expeditionary Force; C. C. Johnson of Chicago, assistant campaign director; and Mrs. A. Starr Best of Chicago, who has been very active in previous campaigns. All of these speakers had something inspirational to say and all in the company joined in the feeling expressed by Mrs. Best that "all who take part in this work are participating in the biggest campaign, for the biggest cause in the biggest war that the world has ever known."

The various speakers also dwelt upon the fact that they are not disturbed by the increase in the subscription asked because they know the attitude of the people toward all these war efforts.

Now men and women understand thru their own boys or from their friends what the various funds mean and the wonderful work accomplished and so they are ready to join in patriotically and generously. In this connection it is worth while to quote a statement that Dr. John A. Mott, director general of the United War Work campaign, recently made in explaining why much more than the original \$170,500,000 asked is now needed.

Work Must Continue. "Even though the war were to end within a few months or a few weeks, we should stand in great need of a fund of more than \$170,500,000 because this work unlike that of many other agencies, will have to be continued thruout the entire period of demobilization. While in Europe, I was told by military authorities that it will require a period of fifteen months from the time that the conflict ceases to transport the Canadian Army to their homes, and that it will call for not less than eighteen months to convey the armies of Australia and New Zealand homeward. Without doubt it will take not less than twelve months to bring our American Army home."

"During that long period they will have virtually all their time on their hands. They will not have the excitement and incentive of the war period to stimulate their spirits of its intense activities to absorb their attention and utilize their time. Their temptation will be more numerous and persistent. There will be a tendency to let down standards and relax discipline. It is of the utmost importance that plans be made for the wise use of their leisure hours. The practical and significant question is, Shall our men and boys come back to us weaker or stronger? The period of demobilization should not be allowed to become a period of demoralization but rather should be made one of growth in knowledge and working efficiency and of strengthening of character and life purposes."

University in Khaki. "The Young Men's Christian Association and the other organizations are planning not only to enlarge their recreational program during this period, but to launch a great educational campaign. In popular language it may be described as 'The University in Khaki.' An Army Educational Commission composed of a group of the leading educators of America has been sent overseas. They have asked for two thousand professors and teachers of American college and schools to help in launching educational work for the coming winter, and also to be on hand for the period of demobilization, whenever it comes. We have entered into negotiations with the British and French universities to help us in this vast educational undertaking. One may judge of the great dimensions of the enterprise from the fact that it will require at least \$8,000,000 for textbooks and books of reference for coming winter alone. It ought to be added that no provision is made for this educational program in the budget of \$170,500,000 and therefore in itself this plan affords a further reason why we must have a large over-subscription."

### R. C. SURGICAL DRESSING DEPARTMENT OPENS

The surgical department made inquiries of headquarters in Chicago as to the advisability of opening the shop under existing conditions and has received this reply: "Upon inquiries by Mrs. C. A. Johnson as to the advisable course to pursue on the quota for Nov. 16, we feel that we cannot stress the importance of this work too forcibly and therefore suggest that your chapter avail themselves of every practicable means to accomplish the task set before you."

The large, well ventilated room will be properly aired, only a small number will work at any one time. Face masks will be worn and no one who has colds or come from homes of sickness will work. In conjunction with the health and influenza authorities, this necessary work will be taken care of in the best possible way and the shop will be open afternoons.

John J. Brown of Litchberry has returned from a visit of a week with relatives in Chanute, Kans.

## Allies Advance on All Fronts

(Associated Press War Summary)

Over a front of some sixty miles from the Brenta river in northern Italy to the vicinity of the Adriatic sea the Austro-Hungarians are being violently attacked by Italian, British, French and American troops. In the mountain region the enemy is resisting desperately and holding his ground fairly well. But east of the Piave river he is in flight across the planes of Treviso, shaping his course over the same territory thru which he drove the Italians a year ago and reached the eastern edge of the plains of Venetia. Already numerous towns have been liberated. 33,000 prisoners have been taken and large numbers guns and machine guns and huge quantities of stores have fallen into the hands of the allied troops. Far behind the lines allied aviators are heavily bombing enemy columns in dense masses which are in retreat over the badly congested roads leading eastward toward the Austrian frontier.

### Push to Austrian Border.

Judging the situation from the rapid advance the allies are making it would appear that the enemy front has been broken east of the Piave and that with the cavalry operating far in advance of the foot troops the enemy forces will be unable to reform their battle line until the Austrian border is reached. It is not unlikely that many of the Austro-Hungarians are doomed to capture or extermination by the allies.

On the western front in France and Belgium there has been a marked diminution in the intensity of the infantry activity. Along the British line there have been only patrol encounters and reciprocal bombardments. The French however, are engaged in another attack on a front of about seven and a half miles between St. Quentin, LePitit and Herpy, in the general direction of the enemy's communication lines running eastward from the Old St. Quentin and Laon sectors and also with the purpose of driving a wedge into this part of the southern battle line and thereby compel the enemy to re-adjust his front thru Champagne to the Meuse.

Around Grand Pre north of the Argonne forest the Americans have materially bettered their positions in attacks against the Germans. The Bellejoieuse farm, which for several days had been no man's land, now is virtually all held by the Americans. East of the Meuse there also was been considerable fighting but it has resulted in no great change in positions.

### Americans Down Hun Aviators

The big American guns are continuing to shell German positions far behind the lines and bombing planes also are intensively active against troops concentration points.

In air fighting the Americans Wednesday sent twenty-one German aviators crashing to the ground. Two of the American fliers are missing.

In both Serbia and Mesopotamia the allied troops are still harassing the enemy. Serbian cavalry has arrived at the Danube a short distance southeast of Belgrade. In Mesopotamia the British advance has proceeded 150 miles up the Tigris river from Bagdad.

It is reported that Turkey has invited the allies to send their fleets into the Dardanelles and also land a small detachment of troops to supervise the demobilization of the Turkish army.

cal and significant question is, Shall our men and boys come back to us weaker or stronger? The period of demobilization should not be allowed to become a period of demoralization but rather should be made one of growth in knowledge and working efficiency and of strengthening of character and life purposes.

### University in Khaki.

"The Young Men's Christian Association and the other organizations are planning not only to enlarge their recreational program during this period, but to launch a great educational campaign. ### RULES FOR GROCERS

Andrew Leek, grocer of this city calls attention to the following notice issued by the State Council of Defense, Commercial Economy Administration:

"To all Retail Merchants: We are instructed by the U. S. War Industries Board to call upon you to carry out the following rules:

- 1.—To restrict deliveries to one tip each day over each route.
- 2.—To eliminate all special deliveries.
- 3.—To restrict the privilege of returning merchandise to not more than three days.

Every merchant is expected to observe these regulations." Mr. Leek states that he is willing to do everything in his power that will aid the government, and believes that united action should be taken on this matter as well as that of early closing. In order to be entirely fair to all, which is the government's idea, these conservation measures cannot not well be carried out unless there is joint action.

### CRIPPLED BY FLU

Influenza has crippled the force in the Journal's composing room. This accounts for the fact that not the full amount of news matter appears in this issue. Two of the regular linotype operators are ill and under the present conditions it has been impossible to secure substitute workers.

## MUST RELEASE BRITISH CAPTIVES

This Certain to Be An Armistice Demand.

### ALL PATIENCE GONE

LONDON, Oct. 30.—That the immediate release of all British prisoners will be insisted upon by the government as part of the armistice terms is confidently expected here. Sir George Cave the home secretary announced in the house of commons yesterday that the same conditions imposed on Bulgaria in this matter would be insisted upon in any truce with Germany or Austria and General Allenby had been instructed to follow the same policy in dealing with the Turks.

There is plenty of evidence that British prisoners have received worse treatment thruout the war than the others except the Russians.

Such a demand will be a very important factor and it is not likely that the other Allies will show less regard for their nationals who are suffering in German camps. Events since the German peace overtures were launched have not tended to instill any spirit of conciliation or forgiveness or leniency toward the enemy in British breasts.

### Barbarities Proven.

The sinking of the Leinster follows close on the German note. The evacuation of Belgian and French towns, for years under German rule has opened what has heretofore been largely a sealed book of rumors, and authentic stories from truthful people of German barbarities toward the inhabitants have been flooding out.

Finally yesterday's discussions in the house of commons of the treatment of British prisoners appeared to have been the last straw breaking the back of British patience—patience which the country generally seems now to think has been carried much too far. The Germans have only themselves to blame that these revelations came at a time so unfortunate for German interests.

The topic was forced upon the house by a strong public demand for light upon the circumstances of what is termed German blackmail in refusing to ratify an agreement drawn up for an equitable exchange of prisoners unless the British consented to go outside that subject and give guarantees against the deportation of Germans from China.

Captain Craig a member of the house and himself an exchanged prisoner told with emotion of his experiences and the sights he had seen in the prison camps.

### Prisoners Inhumanly Treated

Sir George Cave the home secretary gave authentic details of wholesale deaths of British soldiers kept starved, starved and verminous and compelled to work long hours in salt mines and under fire at the front, contrary to the rules of The Hague convention, beaten and tortured and shot for petty or no offenses.

Old parliamentary reporters say that they have never seen such a bitter and strong feeling pervade the house of commons. And the same feeling has infected the whole country. The only group of members who held aloof was a handful of pacifists, who appear to object to any unpleasant words about Germany more than they object to the war. The general nature of the military guarantees which the Allies will require will be outlined as the occupation of strategic German bases, as well as the retirement of the German army on its own soil.

Maritime guarantees are considered equally important to Great Britain. Their nature thus far is only speculative, but the terms of the German submarines, if not the surrender of the whole fleet, appears to be the minimum terms which would satisfy the British people. The sea is as important as the land to this island nation and the only detail in President Wilson's fourteen points which they have not constantly questioning is what the president means by freedom of the seas.

### PEACE CONFERENCE DELEGATE NAMED.

Copenhagen, Oct. 30.—The Berlin Lokal Anzeiger a copy of which has been received here says Dr. Richard von Kuehlmann, former German secretary of foreign affairs will be one of Germany's representatives at the peace conference.

Dr. von Kuehlmann for many years has been an important figure in the political life of Germany. Prior to his appointment as foreign secretary he held the rank of ambassador to the Netherlands and Turkey. He became foreign secretary in 1917.

### WANTED FOR THEFT IN INDIA

New Orleans, La., Oct. 30.—C. G. Collins, a former colonel in the British army wanted in Bombay, India, for the alleged theft of a pearl necklace worth approximately \$125,000 was today ordered turned over to the British authorities. Collins was arrested here about six months ago. It is said he will be taken to Bombay for trial.

## PEACE MOVE INSINCERE BUT NOW HAS IMPETUS BEYOND PARTY CONTROL

WASHINGTON, Oct. 30.—The general opinion among officials and diplomats here is that the German proposal for an armistice and peace while having its origin in a plan to gain time for strengthening the army and restoring its shattered morale has now gotten beyond control of the military party and that the German people are the force which is driving the German government to make efforts for ending the war.

Another note from the German government explanatory of the changes that have been made or are projected in the German constitution and form of government was received today thru the Swiss legation but the state department did not make it public. This note was understood to be supplementary to the preceding German communication saying to the president that he must have knowledge of the efforts that have been made to democratize Germany.

### Working on Reply to Austria.

President Wilson was at work today on his reply to Austria's renewed plea for an armistice and peace and it was expected that it would be dispatched before night, but later today it was said at the state department that there would be no announcement regarding the reply tonight.

It was understood that in the note the president intended to touch upon the steps that Austria and Hungary have taken in the direction of releasing subject peoples from political bondage, but that the Austrian government's plea would be ratified to the allied governments. The administration was said to be well convinced now that Austria already is nearly out of the war and that her will for peace is simply tempered by a natural disposition to get the best terms possible short of unconditional surrender.

The report that Count Andrássy, the new Austrian premier is about to sue directly to Italy for peace on the ground that Italy is Austria's "sole antagonist" is generally regarded as confirmatory of this understanding of the hopeless situation in the dual empire. It was pointed out that since Italy solemnly engaged with the other entente powers not to make a separate peace if Austria carries out this plan it naturally would be referred by Italy to the supreme war council.

### War Council is Reticent.

There was no official information here today as to the progress of the deliberations of the supreme war council and notice was taken of the reserved attitude of the council in issuing any statements. The inference is drawn that formation regarding the discussions between the council a definite policy has been agreed upon to withhold all in of the grave diplomatic and military questions which now engage its intention in connection with the preparation of an armistice.

Colonel E. M. House, who is in Paris has been making long reports to Washington but it is believed these do not relate to the proceedings of the war council, but rather embody the individual views he has gathered from many private conferences with the entente premiers, cabinet officers and military and naval officers in attendance upon the council.

One comparatively new proposition of the proposed armistice relates to the guarantees to be exacted from Germany for the repayment of the tremendous financial losses suffered by the populations of those portions of Belgium and France occupied by the German troops. This is understood to contemplate the possession by the entente powers of a number of important industrial cities in the Rhine.

## SHIP CONTRACTS ANCELED BY HURLEY

WASHINGTON, Oct. 30.—Cancellation of contracts for \$60,000,000 worth of troop ships which were to have been built at a new government shipyard at Alameda, Cal., and the stopping of the work of building that plant was announced today by Chairman Hurley of the shipping board.

Work on the yard early last July. Decision not to build the troop ships was reached some three weeks ago Mr. Hurley said because it was realized that they could not be delivered before 1920 and would be of little use in the military program.

Plans for bringing the troops home after the war contemplate the conversion of large steel freighters into temporary transports so that the original number of troop ships will not be needed even for that purpose.

### GERMANS CONTINUE WITHDRAWAL

With The British Army in France and Belgium, Oct. 30.—(By The Associated Press.)—The victorious British troops in the Valenciennes-Courtrai sector were resting on their arms this morning with their line for the greater part of the way snug up against the Scheldt river and canal to which they had forced the enemy.

On the other side of these natural defenses the unhappy Germans are still clinging to positions which they hoped would afford them protection in a further withdrawal.

In the meantime preparations for retirement to a line further back was going on apace in the enemy forward areas.

### UPRISING SPREADS IN MONTENEGRO

Amsterdam, Oct. 30.—Advices received by the Dutch newspapers from Cetinje, Montenegro by way of Vienna, says the insurgent rising in Montenegro is spreading. Armed bands have occupied Niksic, Berano and Rejevica and the entire country has been seized. According to the dispatches already in the power of the insurgents and all communist administrators favorably inclined toward the Austrians are being slaughtered.

### PLAN FOR AFTER THE WAR BUSINESS

New York, Oct. 30.—America's foreign trade after the war, questions of "financing our foreign operations," "educating our representatives for foreign trade service," foreign advertising, patents and trade marks, were discussed here today at the opening of the two day "prepare-for-after-the-war" convention arranged by the American Manufacturers' Export association. The meeting was attended by bankers, manufacturers and advertising men from all parts of the country.

### AUSTRIANS CAPTURED BY THOUSANDS

Washington, Oct. 30.—Thirty three thousand Austrian troops, hundreds of guns and thousands of machine guns have been captured by Italian and Allied troops on the Italian front said an official dispatch today from Rome. The three hundred and thirty second American infantry regiment has gone in action and the fighting extends practically along the course of the Piave river.

The Austrians are resisting stubbornly, throwing in many new divisions but have not been able to stop the advancing forces.

Our offensive is developing farther south and stretches practically all along the course of the Piave. The third army is in action successfully. The line between the Brenta and the sea is strangely held by the greater part of the Italian army.

The JOURNAL'S SERVICE FLAG

As state senator are excellent and the people of the district are to be congratulated on that fact for he is worthy of the office. Dr. Wheeler is thoroughly experienced. He knows the needs of this district and of the state and if elected can be counted on to make those needs of first importance in all his actions. As an officer in Sangamon county, Dr. Wheeler has made it clear that he has high ideals of public service and as State Senator he will faithfully measure up to duty. Dr. Wheeler has announced his platform in a clear and straightforward way and the people know in giving him their support that his after election conduct will be earnest and sincere.

GOOD ROADS PROJECT HAS WIDE SUPPORT.

C. M. Hathaway, district engineer for the Illinois Highway, spent a few hours in Jacksonville yesterday and will return today. Mr. Hathaway is doing some publicity work for the Good Roads movement and finds everywhere that there is acute interest in the state wide improvement. They are enthusiastic in their support of the bond issue. People who are not car owners are also in a majority of cases in favor of the proposition because they know that the economic benefits of good roads would be great. And since there would be no tax cost to them why shouldn't they favor the proposition? Better roads mean cheaper transportation and this means lower cost for grain and other commodities.

In nearly all cities of the state there are local organizations working to arouse interest in the good roads proposition, for people realize that the danger is that a great many people will forget to vote and the man who does not vote on the good roads proposal is counted as voting against it, since to carry it there must be a majority of all votes cast.

THE PRESIDENT'S APPEAL.

This letter of the president's should arouse, as to the congressional election, the united opposition of the republican party, like the decision of the Supreme Court of the United States in the Dred Scott case aroused them under the leadership of the immortal Abraham Lincoln.

To ask the people to elect a majority of congress simply for the reason that they will support the leadership of one man is directly in conflict with the principles of a democratic representative government. The republican party stands for a vigorous prosecution of the war and for an unconditional surrender; nothing less.

It is the duty of every republican, by his words, pen and ballot to use all honorable means to elect a republican congress. And when this war is won by the U. S. and her loyal allies and peace is established, we shall expect to see the principles of universal liberty, universal education, a free and intelligent people, and the right to worship God according to the dictates of one's own conscience, over the whole earth as the waters cover the great deep. Every time this country has been assailed by foreign foes or domestic enemies, she has emerged from the smoke of battle victorious with her roots of liberty sunk deeper and her branches spread wider, and on the 5th of November we want to make the stars and stripes shine brighter by electing a republican congress.

CONSTITUTIONAL CONVENTION COMMENT.

GOVERNOR LOWDEN.

"In my opinion no public service that can be performed can be performed by any one who cannot go to war is more patriotic than to help to carry the Convention proposition at the coming election."

Former Governor Dunne. "I am pleased to say that I cordially endorse the movement for the calling of a Constitutional Convention and will vote for the same in November, 1918."—Edward F. Dunne, Former Governor.

JUSTICE CARTER.

"The Constitutional Convention Campaign Committee wishes the support of all voters. The proposition has been endorsed by both Republican and Democratic State Conventions. Illinois needs a new Constitution."—Orin N. Carter, Chairman Constitutional Convention Campaign Committee.

SENATOR SHERMAN.

"Constitutions serve precisely the same governmental purpose in a republic they do in a monarchy. They set fixed boundaries upon the exercise of power. I believe a revision would produce an organic instrument more complete and more fit than the submission of amendments applied at uncertain intervals, and a variety of purposes in view, which cause uneasily conflicts among those who struggle for priority. I believe a revision would arouse the best thought and talent of our people."—Senator L. V. Sherman, Proceedings of the State Bar Association, 1915.

JUDGE E. C. KRAMER.

"The growth and development of the state since the adoption of the last Constitution have been far greater than during either of the periods between the adoption of the first and second, or between the adoption of the second and third, and the necessity for a change in the organic law of the state is greater now than it was at the time of the adoption of either of the second or third Constitutions."—Judge E. C. Kramer, ex-president of the State Bar Association, Proceedings of the State Bar Association, 1915.

ADLAI E. STEVENSON.

"It will be strange indeed if changing conditions, augmented population, the growth of cities—especially of our great city—and commercial development along all lines, shall not render some alteration in the organic law of the state, a necessity. The words of John Stuart Mill are significant: 'No government can now expect to be permanent, unless it guarantees progress as well as order; nor can it continue to secure order unless it promotes progress'."—Hon. Adlai E. Stevenson in annual address before State Historical Society, 1903.

GEORGE T. BUCKINGHAM.

"It is my belief that there is in Illinois today, as much of character, patriotism, and ability as has ever existed anywhere at any period of history. Therefore I believe that the people of this great state should not be afraid to submit to the men of Illinois in Constitutional Convention assembled the revision of our basic law."—George T. Buckingham, Proceedings of the State Bar Association, 1915.

1870 AND 1918.

Says a prominent attorney: "I know of no better way to bring order out of chaos and arrive at an intelligent solution of any set of complex problems than to call a hundred able and patriotic men to sit down and thrash out every proposal. When that has been done, AND THE RESULT SUBMITTED TO THE PEOPLE, AND COMPLETE ARGUMENT AND DISCUSSION IN THE NEWS-PAPERS, AND IN THE FORUM HAS TAKEN PLACE, then it seems to me we will secure for our Constitution a consensus of what wisdom and patriotism there is in the State of Illinois."

WHAT IT IS FOR.

The Young Men's Christian Association which is asking \$100,000 for its war work, is serving no less than three million American soldiers and sailors in Europe and in the training camps at home. It has between five and six hundred huts in this country and a greater and growing number on the other side. It is keeping a bit of home, even at the trenches and under the fire of the enemy. The Y. M. C. A. but at the front is the soldier's club, his church, his college. It is open to all denominations for service, from the early mass of the Roman Catholic to the later service of the Protestant clergyman and the Jewish Rabbi, and the song service of the Salvation Army. It is used for musical and theatrical entertainments by the most famous musicians, actors and actresses of the world. It is a place of study and lectures for the boy who would study French or other subjects to be turned to account in after-war days; it is the quiet

place where the soldier reads or writes his letters home.

The Young Women's Christian Association, asking for \$15,000, has gone into the war and in to war industries with the women and girls called to new and arduous work. It co-operated with the government in the proper housing and care of the women munition makers in this country and has provided recreation centers at all of the twenty-one cantonments. It has established similar centers at munition plants in France and has been so successful in providing recreation for the soldiers that the English government has asked the help of the American Y. W. C. A. in work of that character in England. It has club centers in Russia at Petrograd, Moscow, and Samara, and co-operated with the Y. M. C. A. during the summer in an agricultural exhibit on a boat that plied up and down the Volga river. It has about one hundred hostess houses—"a bit of home within the camp"—erected at military camps at the requests of the commanders, and a number more are authorized and being built. It is doing work among the colored girls affected by war conditions and among the foreign-born women whose men have gone to war.

The National Catholic War Council including the Knights of Columbus, asks \$30,000,000. The Knights of Columbus have erected club houses at the points of embarkation in this country and in France, and have secretaries assigned to permanent duty aboard transports plying between this country and European ports. One hundred K. of C. secretaries have been ordered to Italy where ten buildings are being erected. There is a headquarters building in Paris and permanent club houses throughout France and in London. A fleet of motor trucks follows the rapidly advancing armies to provide our soldiers with "service under fire." These trucks carry cigarettes, tobacco, chocolates, writing material, soap and towels and other articles.

The Jewish Welfare Board, which will receive a \$3,500,000 share in United War Work campaign, officially represents all national Jewish organizations in building up the morale of more than one hundred thousand Jewish men in the army and navy. It has sent its trained workers into the camps and naval training stations. It has erected clubrooms to which soldiers irrespective of race can—for rest or for entertainment—where there are libraries with English, Yiddish and Hebrew books, where religious services on Friday evenings and holidays are open to any man who wishes to attend. In the towns—the camps, community centers furnish the soldiers with social rooms and sleeping quarters. Jewish chaplains are serving with the army overseas and in the navy. Welfare workers are adding the family life at home and among the soldiers. They are distributing personal services, distributing gifts, and keeping—the boy's contact with his home.

The Library War Service of the American Library Association is asking for \$3,500,000 has sent overseas during the past year more than a million books for the man when he wants to read and the kind of book that he wants. It gives its service quickly and direct—to the army and furnishes to the soldier who is preparing for after the war the technical books that he needs for his study, in the huts and canteens of all the welfare organizations a branch library has been established at which the soldier or sailor can pick up in his hour off duty the novel or magazine that suits his fancy. There is a deck library on every transport, and on many of the war ships and government cargo ships. In every ward of every military hospital a shelf of books is near the hand of the patient and the soldier. The book from the home library, the magazine, the new educational or technical volume bought with money from the public—circulate thru the Association to every man in every branch of service.

The War Camp Community Service, which is asking \$15,000,000 is a nation wide movement for hospitality, keyed to harmonize with the training camp program of the War and Navy Departments. It has a definite organized program, supplemented by resources of the folks back home. It invites the soldier and sailor on their range town to dine and dance and meet the right sort of women. It counteracts the red lure with the greater attraction of wholesome recreation and speeds the man in khaki or blue on his overseas way with a keener enthusiasm to fight for a country in which he leaves no bitter memories. The War Department Commission on Camp Activities was established by Secretary Daniels at the same time. These commissions—the Playgrounds and Recreation Association of America which had years of experience in the act of things to carry on the work in the community—outside and adjoining the camps under the official name of the War Camp Community Service.

The Salvation Army's request for its work at home and abroad is \$3,500,000. It has the trenches as relief work can be carried, the Salvation Army "battalion" is open, and a woman officer is to serve hot food to the men under fire. A cook stove with an oven that can bake is certain to be part of the equipment of the Little Salvation Army house. In front of the "barracks" with baskets of food have stood under fire in order to give a hot cup of coffee to the men who are bringing up the ammunition. Truck loads of pies and doughnuts start daily from the bases

to the extreme ends of the lines. The women officers have mended the clothing and darned the stockings of the soldiers who come to the hutment for recreation. In this country, the Salvation Army maintains hotels near the military and naval bases, and in their clubrooms entertainments fill the soldiers leisure time. Church services are held on Sunday.

ONE GOOD TERM DESERVES ANOTHER.

Jacob Frisch of Springfield, who is a Republican candidate for member of the legislature, can come before the people with the slogan, "One good term deserves another." Mr. Frisch was a member of the last general assembly and manifested a genuine interest in the welfare of his constituents and of the state at large. Mr. Frisch is one of the substantial citizens of Springfield. He is a thrifty going business man and has a grasp of public affairs which well qualifies him for public office. His integrity Morgan county people favor him because in the past he has evidenced his feeling of responsibility alike to Sangamon and Morgan counties. People here have too the special feeling that he belongs to them because his brother, Henry Frisch, is of the unimpeachable kind.

Rippling Rhymes By Walt Mason

The Housework Problem.  
Each day I meet some doleful dame who drags along her weary frame, and says, "It beats the band—This doing housework makes me tired; there are no

damsels to be hired in all this war-struck land, I used to bask in gilded ease; but now I have to shell the peas, and dust the blooming chairs, and mop the ceilings and the floors, and mantle the walls and doors, and sweep the cellar stairs. And if by chance I get a maid I lie awake, I'm so afraid that she will up and quit; but then it's no use to repine, we have to smile and fall in line, and try to do our bit." We must admire the stately dames who pass up all the idle games that used to take their time, and toll around the kitchen stove, and season pumpkins with a clove, to make a pie sublime. They're digging up the household lore they used to know in days of yore, ere riches came their way; they're shedding silks and diamond rings, in gingham gowns they're doing things, the things that surely pay. The more they work around the shack the less they'll think of going back to idle, trifling ways; they'll want to sew and bake and boil and keep in touch with useful toil the balance of their days.

MISS WARDHAUGH WILL REMAIN HERE.

A short time since, Miss Edna Wardhaugh, teacher in the Washington school, accepted a position as teacher of music in Great Falls, Mont., a position for which she is eminently fitted and expected to begin her duties there next week. Mr. Perrin tried hard to find a successor but utterly failed and informed the young lady of the state of the case. He was very kind in the matter and wanted to see her do the best she could but felt at the same time that it would hardly do to leave her room without a teacher. The young lady saw the reasonableness of the case and yesterday afternoon wired her refusal to take the place. While regretting the loss of anything good on her part many friends will be glad she is to remain among them as she is a successful teacher and has a large circle of friends.

## OLD JACKSONVILLE

JEREMIAH SIBERT.

By Ensley Moore  
(Member Illinois State Historical Society)

The Siberts have been leading families of Morgan county for many years. A may be inferred, the name is of German origin.

**George Sibert.**  
The first of the Siberts, in America, was George. He was forced on board a ship and brought over to this country with some Hettians in the Revolutionary war. But he was not going to fight against the Americans, so he deserted the British army and some how came before General Washington, who advised him to go to Virginia, which Sibert did.

In Virginia, Mr. Sibert met Miss Susanna Smith, who was of English descent, and they were married to each other. They were the parents of eight children.

Jeremiah, the seventh child of George and Susanna Sibert was born in Monroe County, Virginia, June 29, 1805.

George Sibert came with his family to Ohio, in the year of 1818, being a pioneer there. He moved from Ohio to Scott county, Illinois, (then part of Morgan), in 1835, extending his experience as a pioneer.

George Sibert died in November, 1845, his wife having preceded him on the long journey, January 12, 1838. Mr. Sibert was a political follower of Thomas Jefferson and a Democrat.

**Jeremiah Sibert.**  
Jeremiah Sibert became acquainted with Miss Eliza Wilday, daughter of Thomas and Eleanor Wilday of Pike County, Ohio, formerly of the state of Delaware, and Mr. Sibert and Miss Wilday were united in marriage November 15, 1831. She was a native of Ohio, born May 5, 1810.

They were the parents of twelve children.

Mr. Sibert farmed in Ohio until 1835, when he came to Illinois, to Scott county. After a short residence there, he and his brother Gideon removed in January, 1836, and settled near the Bluffs, about four miles east of Mercedosia, this county. In that locality they bought several hundred acres of the rich bottom land and engaged in farming and stock raising. It is to be inferred as was true, that Mr. Sibert had made some money before coming to Morgan county, and he continued to do so. He sold the farm on which he had first settled to his brother-in-law Jernid Wilday and bought the farm, which was his last residence—east of Diamond Grove, south of this city coming to live on it in 1856. This farm then consisted of six hundred and forty acres, afterward selling the smaller part of it. Its nearness to this city made it especially valuable aside from its being a fine body of land.

**Sam A. Soldier.**  
Alexander, Mr. Sibert's fourth son, enlisted in Co. G, 1st Mo. Cavalry, (Barbour Lewis') August 1, 1861, and engaged in battle with that fine organization. His privations told on his health and on the recommendation of Gov. Richard Yates, he was discharged from the service at Jefferson Barracks, St. Louis, Feb.

DEATHS

**Robu.**  
Delila Robu of Beardstown, died at the Home Sanitarium Tuesday. Deceased was born in Gilles County, Illinois March 6, 1850. She is survived by the following children: Mrs. Lula Hugett, Beardstown; Walter Robu, Beardstown; Frank and Charles Robu, Rushville; Mrs. Ruth Jones, Beardstown; Mrs. Rosie Harne Harne residing in Missouri; Edward Robu, Cincinnati. She also leaves one brother William Dunn, Alexander and one sister, Mrs. Jennie Logstore, Beardstown. She was a member of the M. E. church and was a woman highly regarded by all who knew her. The remains were taken to Gillham's and prepared for burial and were shipped to Beardstown for funeral services.

Fitzpatrick.

Funeral services for John H. Fitzpatrick were held from O'Donnell's undertaking parlors at 9 o'clock Wednesday morning in charge of the Rev. Father Sloan. Burial was in Calvary cemetery, the bearers being John Graham, A. W. Becker, Edward Doolin, Patrick Carrigan, Perry J. White and John Tracy.

Ferreira.

The death of Mrs. Estella L. Ferreira occurred in Springfield Tuesday as the result of a complication of diseases. Mrs. Ferreira was the daughter of Mr. and Mrs. Augustus DeFrates, residents of Jacksonville for many years. The mother of the deceased passed away a number of years ago and her father is still a resident here. She leaves also her husband, John F. Ferreira, well known to many Morgan county people. The family moved to Springfield about 6 years ago and their friends will remember that Mr. and Mrs. Ferreira came to Jacksonville only a few weeks ago to bury their little son, who died

after a brief illness. Mrs. Ferreira had been in ill health for a long period and her death was not unexpected by close friends of the family.

Funeral services were held at the home, 1015 North Ninth street, Springfield, Wednesday afternoon in charge of Rev. H. M. Hildebrandt, pastor of the Third Presbyterian church.

The body was brought here and taken to the undertaking parlors of W. W. Gillham where funeral services will be held this afternoon at 3:30 o'clock with burial in Jacksonville cemetery. The services will be in charge of the Rev. Mr. Hildebrandt, assisted by the Rev. Mr. Morris.

Moss.

Miss Ollie Moss died at a local hospital Wednesday morning at 1:50 o'clock of pneumonia. Deceased was the daughter of Mr. and Mrs. John A. Moss, residing eight miles northwest of the city.

She had been in failing health for a number of years and thru it all had borne her sufferings cheerfully. She is survived by her parents and one brother, Lloyd C. Moss, and one sister, Mrs. Walter A. Shumaker, both residing northwest of the city.

The body was taken to the undertaking parlors of Williamson & Cody and prepared for burial and later taken to the home.

Funeral services will be held this afternoon at 2:30 o'clock at the home in charge of the Rev. J. O. Kirkpatrick. Burial will be in Moss cemetery.

Gray.

McKinley Gray died at a local hospital Wednesday afternoon at 5 o'clock. Deceased was the son of William Gray of Center street and was born September 2, 1895. He is survived by his father, his stepmother and the following sisters and brothers, Mrs. Rose Carter, city; Wilma Gray, Josie Gray, Chicago; Sarah Gray, Mississippi; Woody in service in France; Walter and Tracey Gray, city; Gene Gray, Chicago. Funeral services will be held at Jacksonville cemetery this afternoon at 2 o'clock.

Evans.

Mrs. Lettie Evans died at her home, 315 West Lafayette avenue Wednesday evening at 9:05 o'clock of pneumonia, aged 59 years. She was born in Missouri and came to Jacksonville in 1917. She is survived by six children two of whom were with her when she died. The remains were removed to Gillham's undertaking parlors and prepared for burial. Funeral arrangements will be announced later.

Beerup.

Francis Merrill Beerup died at his home, 608 South Main street at 9:20 o'clock Wednesday morning of pneumonia after a brief illness.

Deceased was born in Franklin June 3, 1897 and was just past 21 years of age when death claimed him. He had been called with a contingent to entrain for a southern camp for service but was taken ill and could not go.

He was united in marriage June 3, 1918 to Miss Catherine Bader who survives him. He also leaves his mother and seven sisters, Mrs. Roy Hiles, Mrs. Henry VanAnken, Mrs. Dean Tucker, of Jacksonville, Mrs. Earl Staats, of White Hall; Fred, George, Albert, Lillian and Urie all residing at home. Fred also is quite ill of pneumonia. His father and two brothers and one sister preceded him in death.

Mr. Beerup was a member of the Church of Our Savior and was a faithful follower of Christ. He was a young man whose qualities won and held for him many friends who will receive news of his death with regret.

Funeral services will be held from the residence, 608 South Main street at 9 o'clock Friday morning with burial in Calvary cemetery.

Many Kinds of Rheumatism One Sure Mode of Treatment

Authorities Say Don't Use Liniments—Treat It Thru the Blood—You Can't Rub It Out.

Whether your trouble is Sciatica, Lumbago or the dreaded Arterial Rheumatism, the answer is the same. You must treat it thru the blood. That is the only way to rid the system of uric acid, purify the blood and revitalize the nerves. If the blood is freed from impurities, Rheumatism must go. This in short is the exact knowledge gained by the research laboratories of the S. S. S. Co. in Atlanta. There tests have been made for fifty years. They know what Rheumatism is. They

know what S. S. S. the remarkable blood tonic, which they originated, will relieve you of Rheumatism. Take S. S. S. today. The complete recovery of thousands of sufferers by the use of S. S. S. is positive proof that you can be relieved. S. S. S. is a blood tonic—a purifier that restores the blood, revitalizes it, cleanses it, makes it pure as it was before it became poisoned with impurities. S. S. S. gives it strength to drive out these impurities—the uric acid and organic poison and with it the Rheumatism. Get S. S. S. at your druggist's. If you need special advice, write Medical Adviser, 446 Swift Laboratory, Atlanta, Ga.

C. A. Boruff

For

County Clerk

Indorsed by the Independent Press of Morgan County

Franklin Times, May 9, 1918.—

Mr. Boruff has proven one of the most obliging and efficient clerks Morgan County has ever had.

Nobody can find fault with the manner in which the office has been conducted since Mr. Boruff has been in charge of it, and it will be in good hands if he is again nominated and elected.

Meredosia Budget, May 3, 1918.—

Every one in the county knows our gentlemanly and obliging county clerk and he needs no introduction from us. He has filled this important office in the most able manner in the past and is thereby familiar with ev-

ery detail of the business which makes him a valuable man to retain.

Waverly Journal, May 3, 1918.—

Mr. Boruff has had considerable experience in this office, having served in the office several years and has given such universal satisfaction that it seems no other Democrat needs apply and as far as the eastern end of the county goes it would seem almost as hopeless for a Republican.

The Farm, July 18.—

He has not only shown more than ordinary ability, but has invariably been courteous, polite and accommodating when dealing with those who have had business in his office.

## Millions Use It For Colds

Because "Pape's Cold Compound" Relieves Cold or Grippe Misery in a Few Hours—Really Wonderful!

Don't stay stuffed up! Quit loing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and reek up a severe cold either in the head, chest, body or limbs. It promptly open clogged up nostrils and air passages, stops nasty discharge or nose running; relieves sick headache, dullness, heaviness, sore throat, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice and causes no inconvenience. Don't accept a substitute. Insist on "Pape's"—nothing else.

## INFORMATION FOR SUGAR DEALERS AND CONSUMERS

It is necessary that we bring about an equitable distribution of the sugar that will be available during the ensuing months, and it is necessary that this distribution be confined strictly to the two pound per person per month basis. Dealers therefore will be required to make monthly reports of their sugar distribution, and with these reports at hand the Food Administration will be able to allot sugar to each dealer to accord with his actual requirements on the two pound basis.

1. Statement in pounds of exact amount of October sales of sugar, exclusive of any sugar sold for canning purposes. Statement must show total number of pounds sold during month for ordinary household use on two pound basis.

2. Statement in pounds of exact amount of sugar on hand, in transit and on order at close of business October 31st, 1918.

3. The form of sugar sales report furnished by the Dealers to the Food Administrator must show the name, address, correct number of persons in family, and total number of pounds of sugar sold to each family per month.

October sales will close next Thursday, October 31st, dealers' report, replying fully to above must be in the hands of the Food Administrator not later than November 10th.

Any delay in dealer's report (or failure on his part to fully explain such delay) will evidence an unfriendly attitude and may result in recommendation for issuance of order restraining him from further purchases and sales of sugar.

Important—Dealer must record number of persons in each household to which he sells. He shall not deliver from the 1st to the 15th of any month, nor from the 16th to the last of any month, to any individual consumer more than one pound of sugar for each person in his household or establishment.

Each consumer should confine his sugar purchases to one store. U. S. Food Administration, By M. F. Dunlap, Food Administrator for Morgan County.

## L. O. O. F. NOTICE

### EPIDEMIC CONDITIONS BAD FOR AMUSEMENTS

Many Theatrical People Seek New Lines of Work—Circuses Have Gone Into Winter Quarters.

Will Carroll is now at his home on an enforced visit as the result of influenza conditions. Mr. Carroll this season has been serving as advance man for the Douglas-Morgan Theatrical Co., which has been compelled to disband because of the restrictions on theatrical and amusement business. The company last played at Richmond, Mo., and was going from that city to Rogers, Ark., when the "flu" order made a change in plans necessary. The itinerary of the company extended thru several months and they would have closed the season in Southern Texas.

In conversation yesterday Mr. Carroll emphasized the fact of how extensive has been the disarrangement of business for theatrical and amusement companies. He referred especially to Barnum & Bailey and Ringling Brothers circuses. When the health restriction order came the main shows of these companies were in the south. After waiting a few days in the attempt to find a few days where performances could be given, the management decided the big show trains moved all the way to go into winter quarters and the big show trains moved all the way from the south to Bridgeport, Conn. This of course meant a tremendous expense as ordinarily the itineraries are arranged so that the final show is given somewhere near the winter quarters.

Thousands upon thousands of people ordinarily employed by the circus and carnival companies are now out of employment. Some of them do not know any other work and many others hesitate to take employment because they have no

idea as to how long the health restriction will remain in effect. Mr. Carroll also gave an idea of how extensive the amusement business is by referring to the fact that the revenue tax paid the government enterprises during one month, for which the figures were recently published, showed a total of more than \$4,000,000.

A suit against the Wabash railroad has been filed by Wilson & Butler on behalf of the Jacksonville Packing Co. The bill sets forth that last October a car of cattle for which the company paid the Henry Commission Co. St. Louis was not received by the company here and the railroad has refused to refund the money. The suit is for \$2,500.

A suit for separate maintenance has been filed by Bellatti, Bellatti & Moriarity on behalf of Mrs. Daisy Headen against her husband, Thomas S. Headen. In the bill it is stated that the marriage occurred in July 1898, and that the parties to the suit lived together until September 1917. An injunction was also asked to prevent Mr. Headen from disposing of any of his property.

### GREAT LAKES STATION IS PRIDE OF NAVY

Largest Naval Training Station Miles From Salt Water—Floyd Williamson Tells Story of its Founding and Growth.

(By Floyd Williamson)

In the heart of the Middle West, miles away from salt water there has sprung up in little more than a year's time the largest Naval Training Station in the world. This station, located at Great Lakes, Ill., 30 miles north of Chicago, at the beginning of the present war had a personnel of a little over a thousand men; today it has nearly fifty thousand men who are inhabitants of its buildings and who are learning to be sailors along the shore of Lake Michigan.

When the idea of establishing a Naval Training Station on the banks of a clear water lake, was first broached, "old salts" laughed. They said it was impossible; today they point with pride at Great Lakes.

And the men who inhabit Great Lakes are men from the territory which lies farthest from the ocean. Farm boys, and boys of every class and trade are at Great Lakes studying seamanship in all its branches. Men from Jacksonville, and from every surrounding city are there, and there is scarcely a person to be found from any community who has not one or more friends there.

**Is a Series of Schools.**  
Great Lakes is what might be called a series of schools. It matters not what branch of the navy an individual might desire to take up, he can find his school at Great Lakes. If he desires to be a gunner, and help man the big guns on the transports and on the battleships he finds ready for him a Gunner's Mate School. Should he feel that his talents lie in the direction of machinery, or aviation, one of the largest aviation schools in the country is located at Great Lakes. Men who man the Merchant Marines, and who protect their cargoes, attend the Armed Guard School. Those who desire to qualify as engineers find a school waiting to help them qualify. In short there is practically no branch of Naval Activities that cannot be studied at Great Lakes.

The station in itself covers several square miles of ground. In its beginning, buildings were built of brick entirely, but when the influx of recruits began it was necessary to construct new wooden buildings. An example of the rapidity with which these were built was given when 32 barracks built to accommodate 24 men each were constructed in 32 hours; a barracks an hour. And this was not done by skilled labor; not by civilian employees, but by the "rookies" themselves. When it was found necessary to build these additional barracks, men who had formerly been ribbon clerks, lawyers, salesmen, farmers, or whatnot, were given a saw and hammer, a few boards and a few nails, and the feat was accomplished.

**Definition of Rookies.**  
Speaking of "rookies". A "rookie" is a new arrival of course, and for three weeks the new arrival must remain a "rookie" according to all the laws of the Navy. It is during those three weeks that he serves his detention period, receives his "shots" in the arm to prevent typhoid fever, and in general gets accustomed to the Navy way of doing things. The first three weeks of a sailor's life as a sailor are the ones which bring back the fondest memories, and the most laughs, for that is where most of the jokes of the Navy emanate.

The things that is asked every "Gob" when he is on shore leave, is "How do you like the Navy?" When a sailor visits his home town he is asked the question by every one he takes to; invariably his answer is "Fine." Navy men like Navy life, because Navy life is clean and wholesome. Visit Great Lakes for yourself and notice the lack of dirt; notice the tidiness that prevails everywhere. Any "Gob" could be contented with such surroundings; but Great Lakes does more. Sailors are not without entertainment there, for everything is done that they may enjoy themselves in the right way.

### Forms of Amusement

Weekly boxing shows are held, and weekly boat races. Regimental baseball and football teams are organized, and leagues are formed. One department under the head of a Chaplain has charge of recreation parties for "Jack Ashore." Here the men procure invitations for affairs that will give them the best possible pleasure, and give them a chance to meet the best people of the nearby cities.

To enumerate all the reasons why the embryo sailors like Great Lakes; to tell of the scores of features which the station possesses, separately and to give in detail each department, would require a volume. But one word of credit must be given to the man who has made Great Lakes what it is; that man is Captain William A. Moffett, commandant. He is the friend of every sailor at Great Lakes, and every man knows it. That is one big reason why they like the place, and that is the big reason why the place is what it is today.

### HUSKING HIS CORN

Oliver Coultas of the vicinity of Lynaville was a caller in the city yesterday. He has nearly finished his corn crop and feels certain he didn't begin too soon. He will have about 2,500 bushels, his crop averaging about 55 bushels to the acre which is quite good for this year and the grain is of a good quality. Not many have done much husking yet so a number are about beginning.

### A BIG CONCRETE BRIDGE

A gentleman of this city, and formerly living in Kankakee received yesterday a paper from that place giving an account of the completion of a \$500,000 concrete bridge over the Kankakee river for the Illinois Central railroad. The bridge is a grand affair and shows wonderfully what uses concrete is now being put, it being deemed even preferable to steel.

### WAR ORPHANS WORK INTERESTS MANY

Indications Are That County Quota of Fatherless French Children Will Soon Be Taken.

The movement for the adoption of French orphan children which is being fostered here by the Woman's committee of the State Council of Defense, is arousing favorable attention in all parts of the county. As previously noted Mrs. W. T. Scott is directing this work as chairman and the women in each precinct are co-operating in the excellent work. As previously noted, the Orleans County Club has adopted one of the children and yesterday Miss Eleanor Moore telephoned to Mrs. Scott that she would be the second on the list. A number of organizations and individuals now have the matter under consideration and indications are that the Morgan county quota will be cared for within a short time. Mrs. Scott can be reached by Bell phone 906-4 and she will be glad to furnish any desired information. Any one of the following precinct chairmen will also willingly furnish any desired facts. These chairmen are as follows:

Alexander — Mrs. Ernest Strawn.

Arcadia — Miss Ellen Deatherage.

Chapin — Mrs. N. W. Anderson.

Concord — Miss Carrie Dietrick. Franklin — Mrs. W. J. Wyatt.

Literberry — Miss Lora Peterson.

Lynaville — Miss Sallie McKinley.

Markham — Mrs. R. G. Vasey.

Meredosia — Dr. Lois Neville.

Nortonville — Mrs. G. O. Webster.

Orleans — Miss Matilda Richardson.

Pisgah — Mrs. A. A. Curry.

Prentice — Miss Mayme Cornington.

Sinclair — Mrs. William Richardson.

Woodson — Mrs. Luella Henry.

Waverly — Mrs. W. A. Barrow.

Murrayville — Mrs. Arthur Seymour.

### Gen. Joffre Voices Approval.

The following letter from the much beloved Gen. Joffre, the idol of the French people, will give an idea of what the movement means both overseas and in this country:

Dear Mr. Shearson:  
May I beg to express our thanks to the members of the American Committee for their touching remembrance of the anniversary of the Battle of the Marne. I cannot resist the pleasure of again expressing to you the recognition of all France for the generosity with which America has so spontaneously come to the assistance of our widows and orphans.

I have been told of the new effort that you are about to make in behalf of our common interest. It will in truth be a mighty consolation and a precious encouragement for our soldiers to know that even should they die a glorious death on the field of battle, thanks to you their wives and their children will not be abandoned.

This assurance will give them to the end strength that shall bring victory and draw still closer the sacred bonds which already unite them to their new companions in arms. Thus shall be sealed for all time the brotherhood of the two great peoples, the United States of America and France.

Your sincerely devoted,  
J. Joffre.

### MORGAN

Mrs. W. J. Ethel of King City, Mo., is visiting relatives here and in the Pin Oak vicinity.

Miss Edna Hutchins who has been spending a few days in Jacksonville returned home Saturday.

Mr. George H. Coulson is installing a furnace in his home. The men have been there two weeks putting it in place and doing the plumbing.

Schools of Hazel Dell and Bethel are still closed on account of the influenza.

Harry Rickey of Bethel died last Wednesday of pneumonia following an attack of influenza. Funeral services were held at his home in Bethel Friday afternoon. Interment was made in the Tippecanoe cemetery.

Mrs. Harmon Rahe, Clyde Williams and Oda Owens of Merritt were business visitors at Kansas City last week. They bought two car loads of cattle and brought back with them.

While there Clyde talked to his brother Chester who was still under quarantine at Camp Funston.

Mr. and Mrs. Herman Rahe were called to Arenzville to attend a funeral of a relative who died at Camp Waco, Texas, of pneumonia.

Mr. T. H. Stone is enjoying a visit with his brother from Topeka, Kansas this week.

Miss Mary Mathews who has been visiting at the home of Mrs. George Coulson made a business trip to Winchester recently.

Lieutenant John T. Taylor, who was sent from Camp Taylor, Ky., to Columbia, N. C., is now at Camp Sill, Okla.

Several troop trains have passed thru here the last five days enroute for camps in the east.

### FROM FATHER TO SON

Abraham Dinwiddie and son of the vicinity of Literberry were in the clothing store of T. M. Tomlinson yesterday buying a coat for the son. Mr. Dinwiddie remarked that his father's wedding suit was made by Joseph Tomlinson and he himself had traded for these many years with the same house and remembered that Joseph Tomlinson would never cut and make a suit for less than \$33 and the suit was always worth the money. If Mr. Tomlinson's son succeeds his father it is probable that Mr. Dinwiddie's son will continue to buy his clothing in the same place.
